## How to create an email account in Plesk 10, 11 & 12?

1. Log into Plesk control panel.
2. Select "Domains" option from "Hosting Services" section.
- 3 Select the desired domain.
4. Select the option "Create Email-Address" under "Mail" tab.
5. Enter the required details.
6. Click "OK" button.

Unique solution ID: #1156
