

# Web Hosting

## How to change IP of a subscription in plesk?

1. Log into Plesk control panel.
2. Select "Subscriptions" option under "Hosting Services" section.
3. Select the desired subscription.
4. Select "Change Hosting Settings" option.
5. Select the desired IP address from "IP address" drop down menu.
6. Click "Ok" button.

Unique solution ID: #1158
