## Steps to create a webspace or a subscription

### Create a Webspace

~~~~~

1. Log into the Plesk Control Panel.
2. Click on the Webspaces tab.
3. Click on Add Webspace.
4. Enter the information for your domain.

- > Domain name
- > IP address: Select IP address.
- > Username
- > Password: Please choose a strong password.
- > Repeat password: Please enter your password again.

5. Click the OK button.

### Create a Subscription

~~~~~

1. Log into the Plesk Control Panel.
2. Click on Subscriptions.
3. Then, click on Add New Subscription.
4. You will now need to fill out your website and subscription information.  
Fill out your domain name, username and password, and subscription details.

Domain name: Fill in your desired domain name.

IP address: Select the IP address for your subscription.

Username: Create a username for this subscription.

Password: Create a password for this user.

Service plan: Choose Default Domain, Unlimited, or None. These refer to resource allocation for your domains.

Add-ons: Choose the Web Presence Builder add-on if desired. This is a GUI for creating your website.

Choose whether you want to customize the subscription parameters.

5. Click OK.
