Steps to access billing from control center

1) Log into the control centre at <https://control.bytehouse.co.uk>

2) Click on the tab "Accounts". The following options are available

Balance : This screen provides you with a summary of your account balance

Billing History : Billing History includes all financial documents issued for your Customer Account (namely, Invoices, Orders, Payments, and Adjustments

Statements: Statements reflect the state of an Account balance and include the list of financial documents issued by the end of the Billing Cycle. Statements are generated at the end of the Billing

Cycle

Payment Methods : This screen allows you to view all credit cards saved in the system for your Account. You could also edit credit card properties, add new credit cards, or remove no longer needed records
