How Do I Renew My Domain?

Renewing your domain

To renew your domain follow these simple instructions.

1. Log into <http://www.bytehouse.co.uk/controlcentre>
2. Click 'All My Domains'

3. Click on the domain you want to renew, say 'yourdomain.co.uk'
4. Click 'Generate Renewal Order'

In the generate renewal order screen you have the option to either 'Do not generate renewal orders automatically' or to generate renewal orders for domains automatically every 2 years.

Make your selection and the way you want to make payment.

There is the option to generate orders and to pay manually.
