

Domain Names (incl. Registration + Transfers)

Steps to edit the DNS Record from Control Centre

- 1) Log into your Bytehouse control centre "<https://control.bytehouse.co.uk>".
- 2) Under "Subscription" select the required subscription.
- 3) Click on "Websites & Domains" tab.
- 4) To manage DNS zones for your domain names, click on "DNS Settings".
- 5) Click on "Manage" option.
- 6) If you wish to add a new record click on "New Record" and add the relevant details. If you wish to edit an existing entry, then click on the relevant record and make the changes.

Unique solution ID: #1074
